

June 24, 2008

**Passion for Excellence**, a 112 foot Westport, has arrived at Dennis Conner's North Cove and docked in slip N5.

During the winter, she normally resides in the Bahamas. This summer, she plans on cruising Newport, Martha's Vineyard and Boston.

Normally, we provide full length shots of the beautiful yachts which arrive at North Cove. But with the marina packed completely full, there are no more wide angles left. Instead, this photo details the beautiful stern presentation and double steps up to the outdoor terrace.

The world of mega yachts is a tight knit group and to demonstrate this fact, the captain of Passion for Excellence had previously been the captain of Sensation, another Westport. Sensation arrives at North Cove later this week. Another coincidence is that when Passion for Excellence left her previous dock, next door was Sun Chaser. Sun Chaser will also arrive at North Cove this week.

Enjoy this fabulous display of some of the world's great yachts.
